## Stallholder requirements

You are required to supply everything for your stall including marquee, table, chairs, stock, weights, signage, generator etc.

You are responsible for ensuring your stall is structurally sound and suitably weighted (minimum 20kg per structural leg) and no holes or pegs are permitted on grounds.

You are responsible for ensuring all electrical appliances, cables and leads on site are appropriately tagged by a qualified electrician in advance and do not pose a trip hazard.

You must have CURRENT $20 million Public Liability Insurance – you are responsible for the safety within your stall.

Once your stall has been confirmed, you will have 14 days to make payment. If payment is not made within 14 days, the stall will be offered to another stallholder.

Check list and tips ahead of your application:

- Do you have Public Liability Insurance? This is a must!
- Have you got all the equipment required for your stall? Marquee, table, chairs, stock, weights, signage, generator etc
- Will you have enough people/team available to cover your stall for the duration of the day from 10am-5pm
- How long will it take to set up your stall? Vehicles are to be offsite by 9am and are not allowed back on site until the event is over at approx. 5pm for bump out (please note individual bump in / bump out times will be advised in confirmation).
- Make sure you include a description of your stall in your application – what products are you selling / what services will you be promoting?

## Food stalls

- All food stallholders must comply with the requirements of Central Coast Council for operating a food stall. Central Coast Council representatives will be on site and may inspect food stalls on Coastie Carnie Fair Day.
- No food is to be given away or provided free of charge from Food stallholders.
- Further requirements will be detailed on stall confirmation documentation.

## When do EOI applications close?

Expression of Interest applications close 5pm Sunday 9th August. The Festival team will advise outcome of Expression of Interest in mid-August.
